CONTINUOUS FIGHTING

JAPS AND RUSSIANS BATTLE FOR THREE DAYS NORTH OF FENGHUANCHENG.

BOTH SIDES LOSE HEAVILY

RUSSIANS FORCED TO RETREAT ON SIMATSI AND THE JAPS PURSUE THEM.

Liaoyang, June 1.—Continuous fighting has taken place northeast of Fenghuancheng and the railway above Kinchou since May 27. A sharp action has taken place eastward of Simatsi, thirty-five miles north of Fenghuancheng, which lasted from the morning of May 27 until daylight May 30. Both sides suffered severely. Detailed figures are lacking.

The engagement resulted in the Russians retiring on Simatsi, followed cautiously by Japanese detachments. Three companies of Japanese are reported to have ambushed a patrol of the Nertinsky regiment near Hunsian, wounding three Cossacks. A fourth Cossack had his horse killed under him. Fearing capture he buried his rifle. He was captured but subsequently escaped, dug up his rifle and rejoined his regiment.

Severe fighting is reported along the railway between stations Vfangoy and Vfandien. The Japanese suffered heavily and would have been annihilated had not infantry reserves come up and forced the Russians to retire into Vfangoy.

EATING CHINESE FOOD

SITUATION OF THE INHABITANTS OF PORT ARTHUR SAID TO BE DESPERATE.

London, June 1.—The Daily Mail's correspondent at Newchwang says:

"Some Chinese fugitives from Port Arthur who arrived here describe the situation of the inhabitants there as desperate. Famine prices exist. The cost of provisions increases weekly. Many persons are reduced to eating Chinese food, and even that is dear. Millet flour costs $6 a bag. Whole streets and several public buildings have been wrecked by Japanese shell fire. The hospitals are packed with sick and wounded.

"The work of repairing the damaged warships has been stopped. All civilians have been given military duties.

"The general health of the inhabitants is good except that the Chinese are dying of starvation. Theft has been made punishable by death. The railway is completely destroyed as far as Kinchou and there are frequent gaps in it between Kingchou and Wafangtien. At Wafangtien there are 15,000 Japanese troops, but no sign of troops further north. During the fighting at Kinchou 200 Chinese were killed by the Japanese fire."

The Tokio correspondent of the Chronicle telegraphs:

"Russian strategy has undergone another change. Yingkow is to be again fortified. Four guns have been brought from Newchwang, the garrison increased and the harbor mined."

A Japanese gunboat was struck by a shell off Port Arthur Monday. The Japanese are said to have mined the entrance to Vladivostok harbor, thus shutting in the fleet.

BATTLE NEAR PORT ARTHUR.

Japs Said to Be Within Six Miles of the Fortress.

Chefoo, June 1.—An unconfirmed rumor is current among the Chinese that a battle occurred six miles from Port Arthur Tuesday.

ATTACKS LAMSDORFF

PRINCE DOLGOUROUKI TRIES TO INJURE THE RUSSIAN FOREIGN MINISTER.

Paris, June 1.—The Echo de Paris' St. Petersburg correspondent wires:

"Count Lamsdorff was assaulted today while out walking by Prince Dolgourouki, formerly a pretender to the crown of Bulgaria. The prince was immediately arrested."

London, June 1.—A dispatch from St. Petersburg to the Central News says it is rumored there that an attempt was made to assassinate Foreign Minister Lamsdorff while he was at dinner last evening.

St. Petersburg, June 1.—The rumor that an attempt has been made to assassinate Foreign Minister Lamsdorff is untrue.

NOT NEAR FENGHUANCHENG.

Russians Nowhere in Vicinity of Japanese Base.

London, June 1.—The correspondence of the Standard at the Japanese army headquarters, telegraphing May 31, says:

"Repeated reconnaissances show that none of the enemy's troops are within fifteen miles of Fenghuancheng or east of the Tayang river for thirty miles in the direction of Siuyen. Motienling pass may delay but cannot prevent the Japanese advance, as the pass can be turned on either flank."

The Morning Post's correspondent at Shanghai learns that the Russians hanged a number of Chinese who had been caught signalling to the Japanese fleet near Vladivostok.

QUIT DALNY IN HASTE.

Russians Hurriedly Retreat to Port Arthur on Approach of Japs.

Tokio, June 1.—The Russians evacuated Dalny so hastily that they failed to destroy much property, which will prove highly valuable to the Japanese. General Oku's scouts report that over 100 barracks and storehouses remain uninjured. The railway and telegraph stations, with 200 passenger and freight coaches, are also uninjured. The Russians destroyed the big pier and blocked all the dock entrances with sunken steamers. They destroyed all the small railway bridges in the vicinity of the docks, but left the jetties uninjured.

It is evident that the Russians fled quickly when Nanshan hill was lost, expecting that General Oku would immediately take possession of Dalny. All previous reports of the occupation of the town were false.

LAMSDORFF MAY RETIRE.

Outside Circles Hostile to Russian Foreign Minister.

St. Petersburg, June 1.—Gossip concerning Count Lamsdorff's early retirement from the ministry of foreign affairs is renewed. The report in the present instance seems based not so much on political grounds as upon manifestations of personal hostility outside ministerial circles. The fact that Count Lamsdorff notified foreign diplomats that he would not receive on his regular reception day Wednesday is being used to add color to the reports of his retirement, although this may only be a coincidence of little significance.

ATTEMPT TO BLOCK HARBOR.

Japs Said to Have Lost Three Vessels at Port Arthur.

Mukden, June 1.—The Japanese, on the night of May 28, made another attempt to block Port Arthur by sinking merchant vessels in the harbor entrance.

The attempt was discovered through the operations of a searchlight and one Japanese gunboat and two torpedo boat destroyers were sunk. The merchantmen then retired.

ARTILLERY REINFORCEMENTS.

Russian Government Expediting Its Dispatch to the Front.

St. Petersburg, June 1.—The government is making every effort to expedite the dispatch of artillery reinforcements to the front. Ordnance material on the way is given precedence over all other traffic, including passengers.

PASSING OF TASCOTT

MARKS THE END OF THE HISTORIC SNELL TRAGEDY IN CHICAGO YEARS AGO.

Chicago, June 1.—A special to the News from Victoria, B. C., says:

If the voluntary declaration of a dying man is to be believed, Finis has been written to the historic Snell tragedy of fifteen years ago and Tascott, the long sought murderer, self-identified, has paid the penalty of his crime with penitence and now fills an unmarked grave in the heart of the Alaskan wilderness, whither he had fled for the effacement of his individuality.

Philip Robertson, a strictly reliable man, prospector and miner, received the dying man's confession.

Robertson says that while going from Dawson to Fairbanks he found a lonely cabin on the Dahl river in which a white haired man lay dying alone. Robertson says the man, before he died, sat up in bed and said:

"See here, boys, my name is Tascott. I'm Tascott. Do you understand? I'm Tascott that they've been hunting like a wolf for years. I cannot run any more. I'm getting paid for what I did. I know I'm dying and I know where I'll go. Tell the boys when they come back that I am Tascott and you can tell the world too, for the world has hunted me for a long time."

About 3 o'clock that morning the man died. That day his comrades returned and Robertson told them what had happened. They did not say who they were; did not thank Robertson, and after one had told him to keep quiet about what he had heard they all deserted the place.

Amos J. Snell, wealthy holder of much property on the West Side of Chicago, was murdered at his home in Washington boulevard on the night of Feb. 8, 1888, and robbery was declared to be the motive, although by many it then was and is still believed that the burglary was concocted. However, after many arrests, the police hit upon the Willie Tascott clew. Tascott had been an elevator boy at the Palmer House. It was represented that he had been employed by day and committed robberies at night.

Rewards aggregating $20,000 were offered, but Tascott was never arrested.

FRANCE WILL ASSIST

MINISTER AT TANGIER URGED TO DO HIS UTMOST TO FREE ION PERDICARIS.

WANT NO MARINES LANDED

FRENCH OFFICIALS DO NOT DESIRE SEIZURE OF PORT BY UNITED STATES.

Paris, June 1.—Foreign Minister Delcasse, in consequence of a communication from the state department at Washington, transmitted through Ambassador Porter, has telegraphed instructions to the French minister at Tangier to use his utmost endeavors to obtain the release of Ion Perdicaris and Cromwell Varley.

American officials are hopeful that French influence with the Moroccan government, together with the presence of the American fleet at Tangier, will secure an adjustment of the affair. Reports through French official channels show that Raisuli's demand for ransom is $70,000.

The Americans' view is that if the ransom should be paid through the family of Perdicaris, Raisuli could be dealt with subsequently and the money restored to the family, but French officials, who are familiar with the situation in Morocco, are less sanguine of a settlement owing to claims that Raisuli has put forward which threaten to raise political and

International Entanglements.

According to information here he requires the sultan to give him a subordinate kingdom with the right to levy taxes throughout a region embracing 38 square kilometres lying directly along the main route from Tangier to Fez. Officials say Raisuli would thereby become one of the dominant political factors in Morocco.

Moreover Raisuli's demand that he may levy taxes on travelers on the main route to the capital is considered untenable. The sultan is ready to pay the ransom but is unwilling to yield to the political ambitions of Raisuli. However, the French minister at Tangier secured the release of a Frenchman held under similar circumstances by enlisting the influence of chiefs of tribes and the sheriffian authorities and hope that similar influences will prevail now.

The French authorities are not likely to view favorably the seizure of a port or the landing of marines, being of the opinion that the Monroe doctrine should cut both ways. It is also pointed out that an expedition inland would be wholly impracticable, owing to topographical and material considerations.

ADMIRAL CHADWICK REPORTS.

Seizure of Perdicaris Was to Bring Pressure on Sultan.

Washington, June 1.—This cablegram has been received at the navy department from Rear Admiral Chadwick, commanding the South Atlantic squadron at Tangier:

"The seizure of the American citizen was by insurgent chief, so as to bring pressure on the sultan of Morocco to secure the demands of the tribe. Other sense of the gravity of the case is shown by the presence of the American squadron and will undoubtedly cause the earlier yielding by the sultan of Morocco to the demands of the insurgents, which is the only safe means of releasing captive."

There is the highest authority for the statement that an attack on Tangier or an expedition against the brigands will be followed by the immediate murder of the captives.

WITH SIMPLE CEREMONY.

Remains of Senator Quay Buried In Beaver Cemetery.

Beaver, Pa., June 1.—All that is mortal of Senator Matthew Stanley Quay was carried to the little burial plot in Beaver cemetery Tuesday and buried beside the bodies of his children. The services were as simple as it was possible to make them, as the dead statesman had requested. But the presence of the executive head of the commonwealth which he had helped to make great, of representatives of the high law-making body in which he had played so prominent a part, and of the national government lent to the services an air of pomp that could not be prevented.

At 9 o'clock a private service was held at the house and then the remains were taken to the First Presbyterian church, where they were viewed by thousands. The public services were then held.

Chicago Machinists Strike.

Chicago, June 1.—The 3,000 machinists employed in the companies that compose the Metal Trades association went on strike at night as a protest against the ten-hour day and practically all of the 115 shops represented in the association will be closed today. The force of the employers will be centralized at a few plants Thursday.

Los Angeles, Cal., June 1.—The convention of the Brotherhood of Locomotive Engineers elected M. Cadle of Sedalia, Mo., first assistant grand chief engineer, and E. W. Hurley of Boston second assistant grand chief engineer.

DEMOCRATS OF MICHIGAN.

Expected to Fight to a Finish Over W. R. Hearst and Judge Parker.

Detroit, June 1.—The Democratic state convention to elect delegates to the national convention at St. Louis convenes here today. It is expected on every hand that there will be a fight to the finish between the so-called conservative and radical wings of the party. The situation is complicated. While National Committeeman Daniel J. Campau favors Judge Parker of New York for the presidential nomination, Mr. Campau and his supporters, comprising the conservative element, demand only an uninstructed delegation. Frank L. Fowler of Manistee, a leader of the so-called Hearst faction, refused to affirm the assertion that he was a Hearst supporter and declared he was simply "anti-Parker."

Mr. Fowler, who heads the only contesting delegation, had been elected temporary chairman by correspondence, but the committee Tuesday elected L. T. Hemans chairman.

GOVERNOR ODELL IN PARIS.

Will Talk Over New York Affairs With Ambassador Porter.

Paris, June 1.—Governor Odell of New York has arrived here. Owing to the lateness of his arrival he did not call at the embassy or elsewhere.

Governor Odell's coming is attracting much interest because of the published report that one of the purposes of his visit is to induce Ambassador Porter to accept the candidacy for governor of New York.

Governor Odell said he had come abroad for a short rest intending to remain a week and then return to New York in time to attend the Republican national convention. He would see Ambassador Porter. As they were both from New York and greatly interested in New York affairs, it would be natural that they should discuss conditions there.

Alderman Pleads Guilty.

Grand Rapids, Mich., June 1.—Alderman Charles T. Johnson, indicted for receiving a bribe in the Lake Michigan water deal, appeared in the superior court and pleaded guilty to accepting $350. Judge Newnham released him on bail for appearance at the call of court for sentence. Immediately after his release he filed his resignation as alderman from the Seventh ward.

NO CHANGE RECORDED

GUBERNATORIAL DEADLOCK IN ILLINOIS REMAINS UNBROKEN.

Springfield, Ill., June 1.—At present there is no substantial prospect that the gubernatorial deadlock will end today. It is reported that Lowden will make another attempt to break into the Yates forces. It is said that he expects to get 100 Yates votes, 30 from Hamlin, 50 from Sherman, and enough scattering votes to swell his total to 600, hoping that this will be sufficient to loosen enough Deneen delegates in Cook county to nominate Lowden. The Yates managers admit that Kane, Will and Dekalb may go to Lowden, as they did when a stampede was attempted two weeks ago; but this would mean only 62 votes, and that is about all the Yates people will concede as likely to go to Lowden from their camp.

There seems small probability that either Hamlin or Sherman will now shift their votes until it appears reasonably certain that by so doing they will be able to break the deadlock. All of the candidates held their forces together Tuesday and it appears likely that today's ballots will show no material changes.

Only three ballots were taken Tuesday, Yates leading on each one, and no change of any account was recorded.

AFTER A LONG SEARCH.

Daughter Finds Mother From Whom She Was Stolen.

Des Moines, Ia., June 1.—After a search of many years, Mrs. Tantler, who lives on the Pacific coast, has found in Mrs. F. Hayung of Ackley, Ia., the mother from whom she was stolen by her father when a child five years old. Years ago the father, whose name was Ibness, disappeared from Ackley, taking his little daughter with him. The girl grew to womanhood, knowing nothing of her mother, until her father on his deathbed told her the story. In the meantime Mrs. Ibness had secured a divorce and remarried, but her daughter's perisistent search brought about a happy reunion.

It is said that he expects to get 100 Yates votes, 30 from Hamlin, 50 from Sherman, and enough scattering votes to swell his total to 600, hoping that this will be sufficient to loosen enough Deneen delegates in Cook county to nominate Lowden. The Yates managers admit that Kane, Will and Dekalb may go to Lowden, as they did when a stampede was attempted two weeks ago; but this would mean only 62 votes, and that is about all the Yates people will concede as likely to go to Lowden from their camp.

There seems small probability that either Hamlin or Sherman will now shift their votes until it appears reasonably certain that by so doing they will be able to break the deadlock. All of the candidates held their forces together Tuesday and it appears likely that today's ballots will show no material changes.

Only three ballots were taken Tuesday, Yates leading on each one, and no change of any account was recorded.

AFTER A LONG SEARCH.

Daughter Finds Mother From Whom She Was Stolen.

Des Moines, Ia., June 1.—After a search of many years, Mrs. Tantler, who lives on the Pacific coast, has found in Mrs. F. Hayung of Ackley, Ia., the mother from whom she was stolen by her father when a child five years old. Years ago the father, whose name was Ibness, disappeared from Ackley, taking his little daughter with him. The girl grew to womanhood, knowing nothing of her mother, until her father on his deathbed told her the story. In the meantime Mrs. Ibness had secured a divorce and remarried, but her daughter's perisistent search brought about a happy reunion.

DAME RUMOR.

Sleeping Car Service to the World's Fair.

Commencing June 1st the Minneapolis & St. Louis will inaugurate another through sleeping car between the Twin Cities and St. Louis, which is evidence of the increasing popularity of the through St. Louis service established by that line a little more than a year ago. The new car will be of Pullman's best, and will leave St. Paul on train No. 2, 9:00 a. m., daily except Sunday, Minneapolis 9:35 a. m., arriving St. Louis Union Depot 7:15 a. m. following morning.

As with the through sleeping car now running on No. 6 "The North Star Limited," the above service will be very popular and convenient for World's Fair visitors. The train will arrive at World's Fair Station (opposite main entrance to grounds) at 7:00 a. m., thus obviating the necessity and inconvenience to passengers of going in to the Union Depot and return, as well as the saving of at least two hours' time.

Prospective visitors to the Exposition should not fail to consult agents or address A. B. Cutts, G. P. & T. A., Minneapolis, Minn., for further information as to our low rates, car service, etc. Also ask for "Guide to the World's Fair.

PRESIDENT AT GETTYSBURG.

Delivers Memorial Day Address on Famous Battlefield.

Gettysburg, Pa., May 31.—On historic Cemetery hill, overlooking ground hallowed by the blood of half a hundred thousand brave men and in the presence of a concourse of thousands who had assembled to pay tribute to the memory of the nation's dead, President Roosevelt, on Memorial day, delivered a notable address.

The president was escorted to the cemetery on the battlefield by a body of several hundred veterans of the Civil war. Mrs. Roosevelt and other members of the president's party followed in carriages. The rear of the procession consisted of civic organizations and citizens in carriages. Governor Pennypacker presided at the ceremonies, which were held in the rostrum in the cemetery. After the Memorial day services of the G. A. R. had been concluded and the pupils of the public schools had strewn flowers over the graves of the thousands of dead, during which ceremony the Marine band played a solemn dirge, Rev. Dr. Edward Everett Hale, chaplain of the United States senate, pronounced the invocation. The president was then introduced by Governor Pennypacker and was accorded an enthusiastic reception.

A heavy rain fell during the speech of President Roosevelt, but the crowd of 10,000 persons remained until he had finished. As the rain continued to fall, no other addresses were delivered and benediction was then pronounced by Rev. Dr. Clutz.

WEATHER TOO THREATENING.

St. Paul, May 31.—Memorial day was generally observed throughout this state and the Northwest. In Minneapolis a feature of the day was a large parade in which disabled veterans rode in automobiles.

AT GENERAL GRANT'S TOMB.

Veterans and Warship Participate in the Exercises.

New York, May 31.—Perhaps the most notable observance of Memorial day was at the tomb of General Grant. U. S. Grant post, G. A. R., of Brooklyn, had charge of the exercises. The United States gunboat Topeka was stationed in the Hudson river in honor of the occasion and as the veterans arrived at the tomb the ship fired a salute of twenty-one guns.

Naval Heroes Honored at Duluth.

Duluth, May 31.—A feature of the Memorial day exercises held here, which it has been decided will establish a precedence for future years, was the strewing of flowers in the ship canal by members of the Women's Relief Corps, in memory of the departed naval heroes.

Contractor for the Second Ward Sewer has Sent his Bond to be Approved by Council

COUNCIL MEETING NEXT MONDAY

At Which Time Matter will be Take Up—Work Will Commence at Once

City Clerk F. E. Low has received the $8,000 bond of E. T. Webster, of Green Bay, Wis., who secured the contract to construct the Second ward main sewer some time ago. The council has been waiting for some time for this bond and now that it has arrived it is probable that the work on the new sewer will commence in a few days.

A meeting of the city council will be held on Monday evening at which time the bond matter will be taken up for the council's approval.

Contractor Webster stated when he was here the last time that he would be ready to go to work almost any day and would put a large force on so that the construction could be completed in due time before frost sets in again next fall.

VERDICT FOR THE PLAINTIFFS

Court Directed a Verdict in the Case of Keene & Nevers vs A. Mark Involving Lease of Store

One of the last transactions of Judge Spooner at the recent term of the district court was to direct a verdict for the plaintiffs in the case of Keene & Nevers vs A. Mark. The case grew out of a misunderstanding in the lease of the store room now occupied by L. Hohman. The plaintiffs claimed to have the building leased for a longer time than Mr. Mark staid in there and that he moved to his present location without the proper notice. The amount of the verdict was about $100.

POSITION OF THE RAILROADS

Some Reasons Why there Has Been a Cut in R. R. Circles and Expenses Are Reduced

PLAN WILL SOON CULMINATE

And There is Strong Hope that Things Will Be Better Soon—Some Figures Given.

All are interested in the administration of the affairs of the Northern Pacific, especially as the shops of the company in this city are quite a factor. From time to time there has been some reduction and it has been said that Brainerd was the only place where expenses have been cut, but the following from the Minneapolis Journal would indicate that the movement has been general, although there is prospect that the conditions will be bettered soon:

"The movement toward the cutting down of labor rolls on the western railroads, which was begun by J. J. Hill two years ago, will culminate within the next month The net result of it within the present fiscal year will be the laying off of over 100,000 men, who have earned on an average of about $165,000 a day. The saving to the railroads and the loss to the laboring classes will therefore reach the aggregate of about $50,000,000 per annum.

"The action of the railroad companies, say dispatches from the east, is not a movement against union labor or against any kind of labor whatever. It is, on the contrary, a move solely in self-defense It is not directly related to the labor question at all. It is simply the laying off of men not indispensable to the railroads because the period of expansion, of heavy improvements and of lavish expenditures is over for the time being.

"The classes of labor most nearly affected by the movement are the classes that draw pay of from $1.25 to $1.75 a day. They are the men that work on the lines, ballasting, laying gravel, building fences, stations, remaking roadbeds, etc. They are the small mechanics and the jobbers. Carpenters who draw their pay by the job or by the week will be, perhaps, the most vitally affected class, but this class is not numerous or extensive. The most widely affected are the day laborers with pick and shovel.

"The immediate reason of the change in policy on the big roads is the fact, now no longer denied, that gross earnings are falling off on all lines east and west. The volume of tonnage moving is light, and no man can say how far this decline will go. Most of the railroad community say they expect it to stop with the marketing of the corn crop. They are clearly hoping against hope. They are saying the thing they desire, namely, that there will be a bumber corn crop to redeem the earnings of the west. Meantime they are providing against absolute failure by cutting off the drains on their revenue."

When a resident of Brainerd whose statemen appears below who has no monetary or other interest on the article which he endorses who is anxious to do his acquaintances and fellow residents a good turn, who publishes in this paper his experience with Doan's Kidney Pills —that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

J. Hagadon of 123 Ninth street north stys: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up while during others my back ached so severely that I could not sleep at night nor work during the day. On many occassions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated towards the shoulder. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them but if I had met with any marked degree of success I never would have reported to Doan's Kidney Pills. When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences but at the present moment and it is some time since I stopped the treatment I have not a symptom of my old complaint. To any one interested I will only be too pleased to give minuter details and substantiate the above statement in a personal interview."

VERDICT FOR THE PLAINTIFFS

Court Directed a Verdict in the Case of Keene & Nevers vs A. Mark Involving Lease of Store

One of the last transactions of Judge Spooner at the recent term of the district court was to direct a verdict for the plaintiffs in the case of Keene & Nevers vs A. Mark. The case grew out of a misunderstanding in the lease of the store room now occupied by L. Hohman. The plaintiffs claimed to have the building leased for a longer time than Mr. Mark staid in there and that he moved to his present location without the proper notice. The amount of the verdict was about $100.

To the fourth sending the greatest variety of spellings	25.00
To the fifth sending the greatest variety of spellings	10.00
To the 740 sending the next greatest variety of spellings $1.00	740.00
Total	$1000.00

The prizes will be awarded immediately after the close of the contest.

The competition is open to all. There is only one condition and that is that for each five different spellings of the word Egg-O-See you must send in one of the little folders, same as used in the school children's contest, which are found inside each package of the food; for instance if you sent in 15 ways of spelling Egg-O-See you would need three folders. Be sure and write your name plainly. The spelling must be such as could properly be pronounced Egg-O-See. Here are a few ways of spelling Egg-O-See, Egg-O-Sea, Egg-Oh-See, Egg-O-Sy, Eg-O-Cie.

Save all the little folders from the food packages and write as many different ways of spelling as you can. Get your friends to help you and it will be easy to get one of the prizes, besides being an interesting study. The thousands of school children to whom we have paid prizes will be interested in this competition.

We are giving this thousand dollars to more fully acquaint people with the pre-eminent merits of Egg-O-See, now universally acknowledged to be the best flaked wheat food manufactured. All now recognize the healthfulness, convenience and palatability of flaked wheat foods. Egg-O-See has become the standard in this line because it retails for only 10c for a full sized package, and its quality is unquestionably the highest.

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid.

Address all communications to Egg-O-See, Quincy, Ill.

DECIDES TO KEEP OUT

PRESIDENT ROOSEVELT WILL NOT BECOME INVOLVED IN WISCONSIN FIGHT.

LAFOLLETTE MEN PROTEST

FILE NOTICE OF CONTEST IN BEHALF OF DELEGATES TO CHICAGO CONVENTION.

Washington, June 1.—President Roosevelt again Tuesday made it clear that he will not permit himself to be drawn into local political contests. A delegation of Wisconsin Republicans, consisting of W. D. Connor, W. D. Houser, Irvin L. Lenroth, C. P. Gitting and H. P. Myrick, called on the president to discuss Wisconsin politics. They are supporters of Governor Lafollette. Their visit was prompted by the recent call on the president of Senator Spooner, who presented to him the anti-Lafollette side of the Wisconsin situation. The president has listened to the statements of both sides, but he informed both he would not have anything to do with the contest in any way.

Later Messrs. Myrick, Gittings and Connor were closeted with Postmaster General Payne, the acting chairman of the Republican national committee. The delegation filed with Mr. Payne what was practically a notice of contest in behalf of the four delegates at large elected by the Lafollette faction to the National Republican convention, claiming that they are the rightfully elected representatives at large of the state. The Spooner-Quarles faction filed notice of contest last week with Secretary Elmer E. Dover. Both sides will be heard by the national committee prior to the meeting of the national convention.

MAY LAST ALL SEASON.

Controversy Between Lake Carriers' Association and Employes.

Duluth, June 1.—Millions of tons of merchandise, hundreds of cargoes of iron ore and whole trainloads of grain are now at the Head of the Lakes awaiting a settlement of the controversy between the Masters and Pilots' association and the Lake Carriers' association. It is announced that an adjustment of the difficulty may not come this season and the prospect has created consternation in business circles.

Cleveland, O., June 1.—The executive committee of the Masters and Pilots' association was in conference at the local headquarters until nearly midnight discussing the proceedings of the conference between themselves the Lake Carriers' association and the Civic Federation. Whether there is to be a further meeting between the parties to the conference will depend upon whether there is any great need of it.

THE OLEOMARGARINE LAW.

Federal Supreme Court Upholds Its Constitutionality.

Washington, June 1.—The supreme court of the United States, in an opinion by Justice White, upheld the constitutionality of the oleomargarine law. Leo W. McRay sued the United States in the Southern district of Ohio to recover $50 paid by him as a penalty for the sale of a fifty pound package of colored oleomargarine containing a stamp tax of three-quarters of a cent a pound instead of ten cents a pound. McRay's cousel argued that although the "oleo" was colored to look like butter the color was obtained by the use of butter, which was itself artificially colored, but the use of which as an ingredient in the manufacture of "oleo" was authorized by law. The court said that the tax contemplated the finished product and not the details of manufacture. If the "oleo" was colored it should have the higher tax and if uncolored the lower tax, regardless of how obtained.

MICKEY HEARS ARGUMENTS.

But He Will Probably Refuse to Grant Requisition for Denison.

Lincoln, Neb., June 1.—Governor Mickey for several hours heard arguments from Iowa officials urging him to honor the requisition of Governor Cummins of Iowa for Thomas Denison of Omaha, who is accused of complicity in the Pollock diamond robbery. Governor Mickey took the case under advisement and will render a decision Thursday. The governor intimated that he would not grant the requisition.

SANDS WINS HIS CASE.

Federal Supreme Court Decides Land Contest in Iowa.

Washington, June 1.—In the case of Elmira Knepper vs. John A. Sands, the United States supreme court held that purchaser from the railroad company of land granted to the old Sioux City Railroad in Iowa did not have a good title, as against homesteaders, because the road was never constructed and the United States had the land subsequently relinquished to it by the state. Sands held the homestead title.

REDUCED RATES ON FLOUR.

Railroads Unite to Assist Movement of Twin City Product.

DEMOCRATS OF NEBRASKA.

Bryan Forces Will Control the State Convention.

Omaha, June 1.—Democratic leaders from different parts of the state are here for the Democratic state convention to be held in this city Wednesday. Indications now are that William J. Bryan's friends will completely dominate the convention, the county convention in Douglass (Omaha) county, last Saturday, having eliminated the last hope of the "reorganizers" to secure recognition. The convention will adopt a platform which is expected to reflect the views of Mr. Bryan.
